

To The FCC:

I am writing to express my concerns about the proposed expansion of the LPFM broadcast service by the FCC. I am an avid listener and supporter of K-LOVE, a national Christian radio broadcaster. K-LOVE is a very important part of my life, providing morally centered music, news and information. It is also a safe listening alternative for my wife and children, as well as others in my community.

If K-LOVE were to be displaced by an LPFM broadcaster providing other programming in my community, the effect would be very significant. The airwaves in my area are dominated by Top 40, Country, Hard Rock, Hip-Hop, and other formats, but there is an extreme shortage of Christian-based programming, particularly a broadcaster with the national and international perspective of K-LOVE. My area has a number of military installations, which leads to a significantly transient population. Many of these families are used to listening to K-LOVE in other parts of the country and even the world, and would be very disappointed at not being able to receive the signal in Hampton Roads.

I strongly believe that the service provided by K-LOVE is in the public interest in Hampton Roads. K-LOVE provides a unique, fresh, and Biblically-based perspective on current news events, family issues, and personal enrichment/development matters. These qualities are sorely lacking in most of the radio stations heard today.

I strongly encourage the FCC not to give LPFM broadcast service a priority over the FM translator service provided by K-LOVE in my area and other areas of the country. Thank you.
